

Bachelor's Degree in ACCOUNTING

This program, along with other CSU Global business degrees, is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

This program is endorsed by the Institute of Management Accountants, and is aligned with Certified Management Accountant (CMA) exam content.

— Develop accounting, financial, and budgeting fundamentals to understand the forces driving organizations

You've always had a sharp mind for numbers and weighing the long-term implications of the decisions you make today. You're exactly the sort of professional that can reach your potential with a Bachelor of Science in Accounting from CSU Global.

- Apply problem-solving skills to both domestic and international accounting in an array of settings.
- Become the person colleagues and leaders trust to balance their books, save money, and stay financially compliant.
- Learn how to apply accounting and leadership skills to efficiently work and communicate in areas of financial and organizational management.

— Secure your future as a leader in accounting

The Bachelor of Science in Accounting program provides students with a knowledge of accounting fundamentals and a comprehensive view of organizational management issues, including legal compliance and ethics, finance, marketing, leadership, economics, and quantitative decision-making.

Accountants are trusted, valued, and crucial to almost all businesses, organizations, and industries. Regardless of your role in accounting, you may be responsible for:

- **Preparing, analyzing, and confirming accuracy of financial records.**
- **Ensuring taxes are paid properly and on time.**
- **Organizing and maintaining financial records.**
- **Identifying ways to increase value, reduce costs, and improve the bottom line.**

Career Opportunities

A CSU Global Bachelor's Degree in Accounting can prepare you for employment or a promotion as the following:

- Accountant
- Financial Examiner
- Tax Examiner
- Budget Analyst
- Auditor
- Credit Analyst
